Violation of Regulation: I Section 9.11(a) and Section 9.15(a)

Section 9.11(a) Unlawful to cause or allow the emission of air contaminants in sufficient quantities and of such characteristics and duration as is, or is likely to be, injurious to human health, plant, or animal life, or property, or which unreasonably interferes with the enjoyment of life and property.

Section 9.15(a) Unlawful to cause or allow the visible emissions of fugitive dust unless reasonable precautions are employed to minimize emissions.

FACTS ALLEGED TO CONSTITUTE A VIOLATION

Causing or allowing the emission of portland cement clinker particles in sufficient quantities and of such characteristics and duration as to unreasonably interfere with the enjoyment of life and property at 7 So. Nevada St. in Seattle, Washington. Causing or allowing portland cement clinker particle deposition on approximately seventeen US Customs Government cars located in the west parking lot at 7 So. Nevada St. during a kiln start up event at Ash Grove. Failure to employ reasonable precautions to minimize kiln cowling fugitive emissions.

If you do not take the corrective action described below to comply with the regulations of the Puget Sound Clean Air Agency, the Agency may issue a Notice of Violation that may result in a civil penalty.

- ☒ Within 10 days of your receipt of this notice, submit a written report describing the action you have taken to correct this violation and achieve compliance with agency regulations. Include the procedures you will take to minimize kiln cowling fugitive emissions during startup and the actions Ash Grove will take when cement clinker particulate from Ash Grove becomes deposited on the neighbor's property.
